Alexander Georgakilas (Greece)
Konstantina Nikita (Greece)
Marinos Metaxas (Greece)
Tasos Gaitanis (Greece)
Konstantinos Anagnostopoulos (Greece)
Vassilis Kouloulis (Greece)
Theodore Samaras (Greece)
Martin Rossli (Switzerland)
Michael Kundi (Austria)
Hans Peter Hutter (Austria)
Igor Beliaev (Slovakia)
Nikolaos Sofikitis (Greece)
Mary Redmayne (New Zealand)
Panagiotis Vlamos (Greece)
Eleni Petridou (Greece)
George Drosatos (Greece)
Olga Tsoumani (Belgium)

Organizing Committee

Styliani A. Geronikolou (Greece)
Christina Kanaka-Gantenbein (Greece)
Manolis Georgoulis (Greece)
Alexander Georgakilas (Greece)
Hector De Lastic (Greece)

Subjects:

Solar activity
Geomagnetic activity
Biorhythms
Geomagnetic morbidity/geobiology
Dosimetry
Ionizing radiation in medical exposure
Non ionizing exposure induced morbidity
Non ionizing radiation sources
Radioresistance and Radiosensitivity
Electromagnetic Hypesensitivity
Preventing EMFs effects
Phubbing
Preventing cell phone induced addictions
International policy and advisory response
to RF exposure risks

Organized by:

Biomedical Research Foundation / Academy of Athens
First Department of Paediatrics,
University of Athens Medical School,
Aghia Sophia Hospital
University Research Institute of Maternal
and child health & Precision Medicine

Under the auspices:

Paediatrics Colleges
